Hi! meet

Projectkitchen

the **open lab** for students at UAS Technikum Wien

and **meeting place**

for people who like to experiment

cryptography

soldering

Workshops
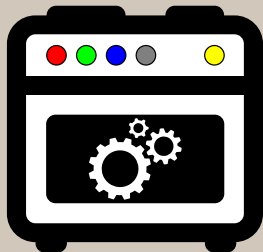

microcontroller

**3D-printing**

CAD/CAM

Tutorials

C

Python

www.projectkitchen.at

The UAS Technikum Wien and the Student Union (www.htw.wien) provide a room, tools, materials and assistance. Get your hands dirty outside the classroom: learn soldering, experiment with microcontrollers and gain practical programming experience. No exams, no grades.

building B, 5th floor, room B5.14

Projectkitchen is a project organized by students, for students. Any ideas for workshops, tutorials, projects or organizational stuff are welcome! core@projectkitchen.at
